USA SWIMMING – ON-LINE MEET ENTRY HIGHLIGHTS

- Ensure that swimmers times are loaded into the USA Swimming SWIMS database
 - Particular attention should be given to times achieved at observed and approved meets.
 - Do not wait until immediately before the entry deadline to discover the time has not been loaded. Coaches and swimmers can verify that times are in the database by using the times look up at www.usaswimming.org/times.
 - Contact the host LSC National Times Coordinator of the meet at which the times were achieved to have the missing times loaded. Only one account per team (Head Coach) can be used for team entries. The USAS ID number of the head coach will be required to begin the entry process.
- Read the tutorial comments on each page during the entry process. Most questions will be answered if the instructions are read.
- When advancing to through the entry process, each time the “NEXT” link is pressed, the information on that page is saved.
 - This allows the entry to be processed during multiple sessions.
 - Coaches can start an entry, save it as-you-go, and sign out without paying for it – in other words coaches don’t have to pay every time an addition is made and OME will retain the progress that has been made on the entry.
- Use the links on the left side of the entry page to jump forward or backwards to specific sections of the entry process (i.e. Relay, payment/checkout, etc.). Using these links also saves the information on the previous page.
- On-line payment must be made using VISA, MasterCard, American Express or Discover. Clubs may also pay by check.
- Once an event entry has been purchased, there are no refunds.
- Teams do not have to wait until the entire entry is complete to purchase events. Teams can enter some athletes, purchase those entries, then return at a later date and add more events, relays, or athletes and purchase events.
- When entering “Override Times” (times not currently showing up in the SWIMS database), in the meet name field, give meet name and brief details on where the time was achieved – i.e.: FGJO13-14-400FRelay Lead – There is room for 25 characters of data.
 - Also enter the date of the meet in the date field.
 - The National Times Coordinator will pre-clear as many (*) times as possible.
- Relays: When entering more than one relay per event (A and B), OME selects the fastest time in the database for the A relay and the fastest remaining time in the database for the B relay.
 - If one of the athletes on the B relay (that OME selected) was also an athlete on the A relay, OME will signify that time with a (**).
 - That time is not eligible for entry for the “B” relay.
 - Select another listed time for the “B” relay or enter an aggregate time.
- Hy-Tek Team Manager can be used as a tool to assist in the OME process.
 - First load the “Meet Events File”.
 - In the Meet Maintenance panel, set the minimum age for open events as desired.
 - Click on the “Enforce Qualifying Times”.
 - Set the “Use Times Since” date to the beginning of the qualifying period for the meet.
 - Create a “Meet Eligibility” report. REPORTS/PERFORMANCE/MEET ELIGIBILITY. Select “Only Eligible Swimmers”. This report shows all eligible swimmers for the meet.
 - Highlight events to be entered for each swimmer. Proceed with On-Line Meet Entry.
