

# USA Swimming Stroke & Turn Officiating Clinic

**November 11, 2019 (Monday)  
6:00 PM**

Prior officiating or swimming experience is not needed. The complete training experience will provide you with the tools you will need to comfortably function as a stroke & turn official. In this clinic, you will be introduced to how the officiating team functions at a swim meet. Through video review and discussion, you will be introduced to the rules of swimming. You will also learn about the certification process and how it continues with on-deck training. Not sure if stroke & turn officiating is for you? Come to the clinic and learn more. If stroke & turn officiating isn't for you, we have other officiating opportunities that you might enjoy.

Please RSVP by November 10 to help ensure that sufficient copies of the training material are available. Didn't RSVP—no problem, you are still welcome to attend.

RSVPs and questions to:
